What is Operation Round Up?

Operation Round Up is a community outreach program funded by Cuivre River Electric Cooperative members. Participating members contribute an average of \$6 annually by voluntarily "rounding up" their monthly electric bill payments to the next highest dollar.

Who is eligible for an Operation Round Up Bright Future Grant?

Funds are available for accredited K-12 schools within the CREC service area. This includes parts of Lincoln, Pike, St. Charles (excluding 63301 zip code) and Warren Counties in Missouri.

How can a school apply for funding?

Applications are accepted by mail, in person, or by FAX (see below). The deadline for completed applications is the last day of each month. Incomplete applications will not be considered or kept on file. Repeat applicants must submit a new application.

How much can a school request?

Annual Bright Future grants will not exceed \$2,500 per school, or \$10,000 per school district.

What is the selection process?

Funds are administered by seven volunteer members of the Cuivre River Electric Community Trust Board who represent the geographic areas where CREC has electric service. Applications are reviewed monthly. The decisions made by the Board are based on the amount of funding available and the needs presented. All applicants will be notified of the results by the end of the month following the application deadline.
